

INSTRUCTIONS FOR THE PROPER USE OF "METASAIL" TRACKING

- 1) Each device will be given and associated with a specific sailor/team, it's important not to exchange it or forget it ashore.
- 2) Devices are waterproof and already full charged and ready to use. They will switch on and off automatically every day. **NO ACTION ON THE DEVICES IS REQUIRED BY THE PARTICIPANTS.**
- 3) **IMPORTANT!** The device must be secured via the dedicated rope and tied to the lifejacket. **NO TAPE ON THE DEVICE.**
- 4) The device has sufficient charging autonomy for the entire event.
- 5) At the end of the last day of regatta tracking devices must be returned to the race office before protest time limit. The device must be returned rinsed with fresh water and cleaned as it was received.

Tracker positions: inside the lifejacket's pocket as follow:

SUMMARY DOCUMENT OF REGULATIONS AND CONTRACTUAL RULES ABOUT THE USE OF "METASAIL" TRACKING DEVICES

- 1) The assignee receives the "Metasail" device at the time of registration and, upon withdrawal, he assumes the responsibility of the same until he returns the device at the end of the last race or before, if so required by the Organizing Committee.
- 2) The assignee must use the device according to the instructions received at the time of collection, do not tamper with it in any way or attempt to open it.
- 1) The assignee is responsible for intentional damage or loss of each device to a maximum fee of € 200.00
- 3) In case of failure to return the device to the race office at the end of the regatta, the assignee may, under his own responsibility and at his own expense, deliver the device to the Organizing Authority within seven days from the end of the event. Once this term has expired, the device will be considered lost.
- 4) The device is for sailor's safety, no one is allowed to go out on the water without it.
